

CAMELLIA FLOWER FORMS

- (1) SINGLE : 1 row of up to 8 petals with prominent stamens, forming usually saucer-shaped or occasionally cup- or trumpet-shaped flowers.
- (2) SEMI-DOUBLE : 2 or more rows of large , outer petals, the centre regular, irregular, or composed of loose petals
- (3) ANEMONE-FORM : 1 or more rows of outer petals, with very small petals and stamens in the centre.
- (4) PEONY-FORM : A convex mass of petals, very little petals and stamens. In some forms the stamens may be hidden.
- (5) ROSE-FORM DOUBLE : Overlapping petals showing stamens in a concave centre in the centre.
- (6) FORMAL DOUBLE : Rows of overlapping petals and no stamens visible.
